TU B'SHEVAT

Book No. Shelf No.

THE NATURAL HISTORY OF THE LAND OF THE BIBLE by Azaria Alon 5,000 221

An account of the landscape of the countryside.

“A land of wheat, and barley, and vines and fig trees and pomegranates;
a land of olive trees and honey.” The seven species.

NATURE IN OUR BIBLICAL HERITAGE by Nogah Hareuveni 12,405 221.7

The Bible describes numerous geographic and ecological aspects of the Land of Israel. The book is beautifully illustrated.

THE FRUITS OF THE HOLYLAND by A.Goor & M.Nurock 3,023 221.7

The book traces the history of the fruits mentioned in the Bible, the Mishna and the Talmud.

THE LIVING WORLD by Michael Roberts 8,342 575

The book is about biology and the way living things work, and how our knowledge can be used for the benefit of mankind.

MYSTERIOUS CREATURES by Nosson Slifrin 12,429 221.7

References in Chazal to curious zoological phenomena are often more mystifying than the creatures themselves.

A TIME TO MIGRATE AND A TIME TO NEST by Uzi Paz & Y.Livneh 12,128 933.6

There are about 95 sedentary species of birds in Israel. Often birds come as summer breeders, winter visitors, migrants or just wanderers.

THE GENESIS RACE by Will Hart 10,125 575

Our Extraterrestrial DNA and the True Origins of the Species.

Advanced technology, including computer based reconstructions, aerial and infra red photography, ground-penetrating radar are used to investigate the past.

SIGNS OF LIFE. THE LANGUAGE AND MEANINGS OF DNA by R.Pollack 5,065 575

The author shows how DNA provides a complete instruction book for all living things.

WHOSE VIEW OF LIFE. EMBRYOS, CLONING & STEM CELLS 8,703 575

by Jane Maienschein

The book examines developments in stem cell research, cloning and embryology: also exploring the legal, social and ethical issues of what has become a political controversy.
